

TARALAY® EMOTION (Couture/Paname/Roma/Pyramid/Terra/Angle/Wood) is a multilayered compact vinyl floorcovering, available in 2m wide sheet. The product comprises a printed design that is protected by a transparent wear layer and a compact backing with reinforced layer, which resists against static or dynamic perforation under rolling loads and provides good dimensional stability.

TARALAY® EMOTION is protected by a UV cured surface treatment ProtecSol® which facilitates ease of maintenance and eliminates permanently the need of an acrylic emulsion [metallisation].

It does not contain any heavy metals or **CMR 1&2** and it is **100%** compliant with **REACH**. The product emission rate of volatile organic compounds is **< 100 µg/m³ (TVOC after 28 days - ISO 16000 -6)**. It is **100% recyclable**.
